

Power up your business

with HP printers and scanners

with

Why choose HP?

It's the most reliable business printer and MFP brand¹ with 50+ years of innovations in technology

From powerful A4 printers to smart A3 printers and scanners, HP has got it all, so that you can focus on your business, not your print environment.

A wide range of A4 printers, scanners, and A3 printers that your business can rely on

HP LaserJet Pro and Enterprise

Print shop-quality color and crisp text with the world's most secure printing, advanced fleet monitoring, management, and reporting.

HP ScanJet

Effortlessly transform paper to digital data with robust business scanning.

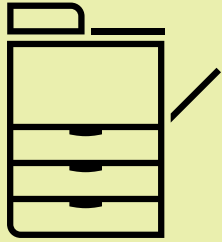

HP LaserJet

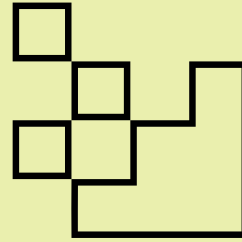

Professional-quality prints with essential security, management, and solution support.

Protect your business with HP

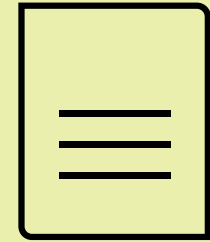

The leader in
print security

Protect the document

Protect the data

Protect the device

HP business printers, ranging from Pro to Enterprise, can automatically detect and stop attacks, while also notifying your system of potential issues during all phases of operation:

- When powering on, HP Sure Start validates the integrity of the boot code (for Pro devices) or BIOS (for Enterprise devices)—helping safeguard your device from potential attacks
- When loading firmware, Whitelisting helps ensure that only authentic, good code—digitally signed by HP, is loaded
- During runtime operations, Runtime Intrusion Detection monitors and helps prevent unexpected changes to memory
- When connecting to the network, HP Connection Inspector inspects outgoing network connections to stop malware from “calling home” to malicious servers (Enterprise only). Self-healing HP Enterprise printers can automatically repair themselves from attacks in real-time
- HP JetAdvantage Security Manager automatically assesses and remediates device security settings²

Join the new era of progress with HP

An industry leader in sustainability

Five-time winner of ENERGY STAR® Partner of the Year (2017-2022)

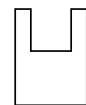

Planted 1 million trees through our partnership with Jane's Green Hope and the Arbor Day Foundation

Launched over 300 new products around the world containing ocean-bound plastic⁴

352 tonnes of supplies and hardware recycled³ and 28 million tonnes of CO₂e emissions—3% down from 2020.

44% reduction in single-use plastic packaging compared to 2018—a further 25% reduction since 2020.

Open your world to revolutionary printing

Power your performance by optimizing your work and streamlining your document workflow with HP's industry-leading A4 printing solutions. Choose from a variety of single-function and multi-function printers that help you save time and effort on complex printing projects.

Powerful productivity. Effortless printing.

Workflow

HP PageWide and LaserJet Flow MFPs offer advanced workflow capabilities to help you capture the right content, organize, and distribute it quickly, easily, and accurately.

Large touchscreen control panel

Advanced imaging and processing options, including send to Microsoft SharePoint and built-in Optical Character Recognition (OCR).⁵

Embedded HP EveryPage technology

Scan every page and detect potential errors or missed pages on the spot—even when the weight, size, or condition of pages varies.

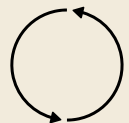

Auto-orientation, auto-page crop, and auto-tone

Advanced document management features simplify production and perfect the contrast, brightness, and background removal of each page.

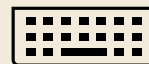

Fast two-sided, single-pass scanning

Scan faster and more reliably with speed up to 180 ipm⁶ and an extended-life ADF that supports higher recommended monthly scan volumes.⁷

HP Quick Sets

Find the right document workflow every time and run it correctly at the touch of a button. HP Quick Sets automates all the steps of a complicated workflow, on a full-color touchscreen that's easy to use.

Large pull-out keyboard for simplified data entry

Make scanned documents easier to organize and find by adding information to files and context to your email.

Unleash peak performance

Experience seamless and secure printing with HP's reliable A3 solutions. Benefit from high duty cycles, uninterrupted connectivity, and easy-to-use features. Presenting a variety of printers to streamline your workflow and take your productivity to the next level.

Powerful. Flexible. Secure.
